News – September 2006

Refurbishment of Alexander & Law offices

The Alexander & Law offices have been fully refurbished, with additional air conditioning, redecoration, new carpeting, new kitchen facilities, dedicated IT facilities and new meeting rooms, all to provide an airy and contemporary working environment.

In addition, the office has been fully equipped with new desking, seating and meeting tables, all supplied by Sedus.

General comment....."what a difference and a real incentive to keep the office tidy!"
